

AIDS 2012
XIX International AIDS Conference
Washington DC, July 22-27, 2012

HIV/TB Roadmap

EXTERNAL EVENTS

THURSDAY 19 – Monday 23 July 2012

Youth Pre-conference

Panel presentation: Deadly Synergy- HIV and Tuberculosis
Time: Thursday 19 July, 16:00 – 17:30
Venue: Kellogg Conference Center at Gallaudet University
Pre-registration required. Follow this [link](#) for more information.

Taking Action for Health, Dignity and Justice: The Interfaith Pre-Conference on HIV

Panel presentation: The Faith Community Taking Action on TB and HIV/AIDS
Time: Friday 20 July, 15:30 – 17:00
Venue: Howard University
Pre-registration required. Follow this [link](#) for more information.

Transforming the HIV/TB Response: Defining the Next 10 years

Time: Saturday 21 July, 09:00 – 17:00
Venue: Rm. 202, McDonough Hall, Georgetown Law, 600 New Jersey Ave., NW

The aim of this WHO-organized international consultation will be to generate innovative ideas and ways to define the next decade of the global HIV/TB response and its strategic direction. It will also review global and regional progress, harvest experiences and identify key challenges and barriers in the scale-up of collaborative HIV/TB activities, including key research gaps. Limited spaces are available and attendance will be by invitation only. For more information follow this [link](#).

Talk Show - Tuberculosis and HIV: Protecting the Vulnerable

Time: Sunday 22 July, 12:00 pm
Venue: Newseum, Washington (RSVP by 13 July to haselmann@who.int)
Live webcast: www.stoptb.org/talkshow

Hosted by South African television presenter Gerry Elsdon together with Jeanne Meserve, a former reporter for CNN and ABC News, the talk show will bring together a dynamic group of women and young people who have suffered from tuberculosis and HIV. Kami, a character from the South African TV series Takalani Sesame, will appear as a special guest.

Talk Show - Tuberculosis and HIV: Protecting the Vulnerable (cont)

The event will give voice to affected communities around the world by sharing their experience and views on the way forward in the fight against the two diseases.
Organizers: Stop TB Partnership, International Federation of Red Cross and Red Crescent Societies in collaboration with HIV/AIDS Alliance, Global Health and Diplomacy, POZ Magazine, PSI, RESULTS, UNIC Washington DC, UN Foundation and UN Television. More information at <http://www.stoptb.org/talkshow>

They Go to Die: Multimedia Discussion on TB and the Southern African mining industry

Time: Monday 23 July, 18:00- 20:00, open to the public
Venue: E Street Cinema, 555 11th Street NW
Organizer: Open Society Institute,
[They Go to Die](#) is a documentary under development about TB and HIV in South Africa's mining industry. Director Jonathan Smith will screen clips from the documentary, followed by a panel discussion on TB, HIV, and human rights. [More information](#) and [RSVP](#)

CONFERENCE SESSIONS

SUNDAY, 22 July 2012

Proposals for a Global Innovation System that Responds to Patients Needs and Ensures both Innovation and Access

Non-commercial Satellite - [SUSA39](#)
Time: 13:30 – 15:30, Venue: Session Room 5
Organizers: MSF, Drugs for Neglected Diseases Initiative and Health GAP

This satellite will explore, among other subjects, the relevance for HIV/AIDS and TB of recent recommendations from the WHO's Consultative Expert Working Group on R&D Financing and Coordination, including a binding global research and development convention.

One SADC, One Vision, One Way: Harmonizing Integrated Approaches to HIV and AIDS, TB and Malaria

Non-commercial Satellite – [SUSA62](#)
Time: 15:45 – 17:45, Venue: Session Room 9
Organizer: Southern Africa Development Community (SADC) Secretariat

MONDAY, 23 JULY 2012

Ethics in Research

Oral Poster Discussion Track D - [MOPDD04](#)
Time: 13:00 – 14:00, Venue: Mini Room 10
13:10: [MOPDD0402](#) Cost effectiveness of two transport strategies for retention of young mothers and infants enrolled in a phase IIB TB vaccine clinical trial in Siaya, Kenya, presented by H. Awuoche, Kenya

Turning the Tide: Women, Children and HIV-Associated Tuberculosis

Panel discussion - [MOGS03](#)
Sponsored by ACTION
Time: 13:00 – 14:30, Venue: Global Village Session Room 2
Co-chairs: Mandy Slutsker, United States and Stephen Lewis, Canada

Pharmacology of Old and New TB Drugs

Oral abstract session Track B – [MOAB03](#)
Time: 16:30 - 18:00 Venue: Session Room 6
Abstracts: [MOAB0301](#), [MOAB0302](#), [MOAB0303](#), [MOAB0304](#), [MOAB0305](#)

Know Your Resources: How to Use Funding Data to Strengthen your Messages in the Critical Push for Investing in the End of AIDS

Presentation with Q&A – [MOGS07](#)
Time: 17:00 - 18:00, Venue: Global Village Session Room 2
17:15: Resource tracking to increase TB research and broaden the ambitions of global TB advocacy, presented by E. Jiménez-Levi, United States.

TUESDAY, 24 JULY 2012

The Politics of Persuasion: Empowering and Engaging Elected Representatives to Tackle HIV-associated Tuberculosis through Research

Community skills development – [TUWS04](#)

Time: 11:00 - 12:30, Venue: Mini Room 4

Target audience: researchers, advocates, policy researchers

Sponsored by The All-Party Parliamentary Groups (APPG) on Global Tuberculosis (TB) and HIV/AIDS, RESULTS UK and amfAR

Facilitator: Richard Horton, Editor-in-Chief, The Lancet

Community Matters: Building Support and Capacity for Community-Based Service Delivery

Oral Abstract Session : Track D - [TUAD02](#)

Time: 14:30 - 16:00, Venue: Session Room 1

15:15: [TUAD0204](#) Engagement of community volunteers for improving access to TB and HIV prevention, treatment and care services in Ibadan, Nigeria: the PLAN Foundation/TB CARE I experience, presented by O. Oladapo, Nigeria

HIV/TB Collaborative Activities: Implement, Integrate and Scale Up to Prevent Tuberculosis Deaths in People Living with HIV!

Scientific skills development – [TUWS13](#)

Time: 14:30 – 18:00, Venue: Mini Room 7

Target audience: National TB and HIV Programme Managers

This interactive workshop, organized by WHO, aims to accelerate the global scale-up of collaborative activities to address HIV-associated TB through exchange of experience and best practice between different regions and countries. National HIV and TB Programme Managers will discuss the latest evidence, bottlenecks to implementation and share experience in scale-up, focusing on improved diagnosis, the 'Three I's for HIV/TB' and early initiation of antiretroviral therapy.

Moderators: A Bloom, United States, H Getahun, Switzerland, D Mametja, South Africa, V Mean, Cambodia, B Miller, Joseph Sitienei, Kenya

Programme:

14:30: Objectives and directions: Haileyesus Getahun, Switzerland

14:35: Implementing what's new in the TB/HIV policy: practical innovations from Rwanda, presented by M Gasana, Rwanda

14:50: Nationwide scale-up of collaborative TB/HIV activities and Xpert: Secrets to South Africa's success, presented by D Mametja, South Africa

15:05: The Three I's for HIV/TB and rolling out IPT beyond pilot, presented by BB Rewari, India

15:20: Nationwide scale-up of collaborative TB/HIV activities in China: challenges and opportunities, presented by X Gang, People's Republic of China

15:55: Integration of collaborative TB/HIV activities with harm reduction services, presented by M Zelenskaya, Ukraine

16:10: HIV testing and expansion of ART for TB patients: Bottlenecks, challenges and enablers for scale-up in Guyana, presented by J. Mohanlall (TBC), Guyana

16:25: HIV testing and expansion of ART for TB patients: Bottlenecks, challenges and enablers for scale-up in Kenya, presented by J Sitienei, Kenya

16:45: Rapporteur summary by D Sculier, Switzerland

17:00: Verbal commentary: Civil society perspective, B Kumar, India followed by an open discussion and debate.

Cost-Effective Approaches to HIV and TB Treatment and Prevention

Oral Abstract Session - [TUAE01](#):

Time: 16:30 - 18:00, Venue: Session Room 9

Abstracts: [TUAE0101](#), [TUAE0102](#), [TUAE0103](#), [TUAE0104](#), [TUAE0105](#)

Using Implementation Sciences to Accelerate the Scaling-Up of National HIV/AIDS Prevention and Treatment Programs in China

Non-commercial satellite - [TUSA14](#)

Time: 18:30 - 20:30, Venue: Session Room 6

Multidisciplinary HIV and TB implementation sciences research training in China will be one of the six topics to be presented and discussed.

Digging for Solutions: Implementation of the Declaration on TB and HIV in the Mining Sector in Southern Africa

Non-commercial satellite - [TUSA20](#)

Time: 18:30 - 20:30, Venue: Mini Room 3

Can we get to zero TB deaths in Southern African mining communities? This satellite session, featuring Swazi Health Minister Benedict Xaba, a former mine worker and clips from a forthcoming documentary, will present an overview of the challenges and opportunities brought about by the forthcoming Southern African Development Community (SADC) declaration on TB in the Mining Sector.

Organizers: International Organization for Migration, Stop TB Partnership and SADC Secretariat.

[More information](#)

Speakers include:

Minister Benedict Xaba, Ministry of Health, Swaziland

Dr Mphu Ramatlaping, Board Vice Chair, Global Fund to Fight AIDS, TB and Malaria

Dr Yogan Pillay, Deputy Director-General for HIV and AIDS, TB and MCH, Department of Health, South Africa

Mr Mkoko, former mine worker from Swaziland

Mr Jonathan Smith, Epidemiologist and Director of the "They go to die" film

Dr Gavin Churchyard, CEO, Aurum Institute

Dr Olusoji Adeyi, Sector Manager for Health, Nutrition and Population in Eastern and Southern Africa, World Bank

Mr Stephen Sianga, Director for Social & Human Development and Special Programmes, SADC Secretariat

Dr Erick Ventura, Chief of Mission, IOM Pretoria

WEDNESDAY, 25 JULY 2012

Global Policy

Oral Poster Discussion Session : Track D - [WEPDD02](#)

Time: 13:00 - 14:00, Venue: Mini Room 9

13:20: [WEPDD0205](#) Three I's for HIV/TB and early ART to prevent HIV and TB: policy review of HIV and TB guidelines for high HIV/TB-burden African countries, presented by S Gupta, Switzerland

Scaling Up HIV/TB Collaborative Activities: Turning the Tide Through Integrated Services

Non-commercial satellite - [WESA19](#)

Time: 18:30 - 20:30, Venue: Mini Room 2

The session will bring together scientific experts, programmers, policy makers and donors to share their experiences working with HIV and TB integration in diverse and most affected settings around the world.

Organizers : PATH and PSI

Chairs : Dr Lucica Ditiu, Stop TB Partnership and David Wilson, Human Development Network

THURSDAY, 26 JULY 2012

TB Diagnostics: Innovating to Make an Impact

Oral Abstract Session Track B - [THAB01](#)

Time: 11:00 -12:30, Venue: Session Room 6

Abstracts: [THAB0102](#), [THAB0103](#), [THAB0104](#), [THAB0105](#)

ART in Resource-Limited Settings

Oral Poster Discussion Session Track B - [THPDB01](#)

Time: 13:00 - 14:00 Venue: Mini Room 6

13:25: [THPDB0106](#) Adverse events in an integrated, home-based treatment program for MDR-TB and HIV in Tugela Ferry, South Africa, presented by J. Brust, United States

Operational Research Skills in One Day

Scientific skills development - [THWS11](#)

Time: 14:30 -18:00, Venue: Mini Room 3

Target audience: Health care workers, Researchers, Academics

Co-facilitators: A Harries, A Reid and R Zachariah

This workshop will focus on operational research on HIV and HIV-associated tuberculosis, providing an overview of the topic, current models of capacity building, how to develop a protocol and undertake data collection and analysis, how to write a paper and get it accepted for publication and how to change policy and practice.

Late breaker Track B

Oral Abstract session Track B - [THLBB](#)

Time: 16:30 -18:00, Venue: Session Room 6

16:30: [THLBB01](#) A randomized multicentre open-label trial to estimate the efficacy and safety of two doses of raltegravir (RAL) to efavirenz (EFV) for the treatment of HIV-TB co-infected patients: results of the ANRS 12 180 Reflate TB trial, presented by N. De Castro, France

16:45: [THLBB02](#) Safety, tolerability and early bactericidal activity in sputum of PNU-100480 (sutezolid) in patients with pulmonary tuberculosis, presented by R. Wallis, United States

17:00: [THLBB03](#) Randomized controlled trial of isoniazid preventive therapy in HIV-infected persons on antiretroviral therapy, presented by M. Rangaka, South Africa

Better HIV Services, Every Time

Non-Commercial satellite [THSA09](#)

Time: 19:30 - 21:30, Venue : Session Room 3

Organizers : The Center for Human Services (CHS) and University Research Co., LLC (URC)

The CHS-URC mini satellite is an interactive event that aims to share practical strategies for improving various aspects of HIV and AIDS prevention, care, and treatment with community leaders, policy leaders, public health experts, scientists, researchers, people living with HIV/AIDS, and other stakeholders including those working on TB.

FRIDAY, 27 JULY 2012

HIV in the Larger Global Health Context

Plenary session - [FRPL01](#)

Time: 08:29 -10:30, Venue: Session Room 1

08:37: Award Presentation: TB/HIV Research Prize

08:40: FRPL0101 TB and HIV: Science and Implementation to Turn the Tide on TB, presented by A Harries

09:30: FRPL0103 Optimization, effectiveness and efficiency of service delivery: Integration of HIV and Health Services, presented by Y. Pillay, South Africa

Looking to the Future in HIV and TB

Symposia session - [FRSY01](#)

Time: 11:00 -12:30, Venue: Session Room 1

Co-chairs: D Havlir and M Harrington

This session will provide an overview of the latest developments in HIV and TB, addressing the state of the art in TB diagnostics, prevention, and treatment; emerging data on delivery of HIV/TB care; and TB vaccine development.

Programme:

11:05: TB prevention: new data, new approaches, new challenges, presented by A. Grant, United Kingdom

11:25: New TB diagnostics and drugs: potential and pitfalls, presented by R. Chaisson, United States

11:45: Integrating HIV and TB delivery: models, results and prospect, presented by H. Getahun, Switzerland

12:05: TB vaccines: what is on the horizon? Presented by T. Evans, United States

12:20: Special commentary: pediatric HIV and TB, presented by Oscar Emmy Grammy Tony award winner, Whoopi Goldberg.

Late Breaker Track C

Oral Abstract Session: Track C [FRLBC](#)

Time: 11:00 – 12:30

11:45: BCG vaccination at birth induces non-specific CD4 T cell activation in HIV-exposed South African infants, which may increase HIV transmission through breastfeeding, presented by H Jaspan (South Africa).

Booths and Networking Zones

Stop TB Partnership

Global Village booth number 647 and exhibition booth number 91

Organizer: Stop TB Partnership, Switzerland

The Partnership's mission is to generate a new level of awareness about the TB/HIV pandemic and create new advocates for fully integrated TB and HIV care. Zero deaths from HIV will never be achieved without zero TB deaths. Come to our Global Village and exhibition center booths to make a unique photographic call for zero TB/HIV deaths.

ACTION

Venue: Global Village booth number 652

Organizer: ACTION, United States

ACTION is a global partnership of advocacy organizations working to influence policy and mobilize resources to fight diseases of poverty and improve equitable access to health services. While continuing our work on TB-HIV, we are also excited to be re-launching with a new mission and brand this year—come learn about our work, meet our partners, find out how you can become involved, and earn merchandise by playing TB-related games.

TB Photovoice

Venue: Global Village booth number 662

Organizer: TB Photovoice, United States

Photovoice is a community oriented program that encourages the persons impacted by HIV/TB to use photography, personal narratives, and visual methods to document and give voice to their story in an effort to inspire positive change in their local communities and around the globe.

TB Photovoice-Nuestra Casa Exhibit: Stories of People Affected by Tuberculosis, HIV and Health Inequalities in the U.S.-Mexico Border Region

Venue: Global Village Map reference 954

Organizer: TB Photovoice, United States

The *TB Photovoice-Nuestra Casa Exhibit* features photos associated with the Nuestra Casa Initiative, an extension project of TB Photovoice groups along the U.S.-Mexico border. Photographer Damien Schumann assisted with the project and his photos provide a glimpse into the lives and struggles of ten people who have been touched by tuberculosis.

Kick TB

Venue: Booth Number 634

Organizer: Kick TB, South Africa

Kick TB uses on-the-ground communication to target young, school-going children. It comprises activation teams visiting schools throughout South Africa and gives each child a beautifully illustrated, match quality soccer ball with a strong TB/HIV awareness message. Our booth will visually showcase the Kick TB campaign activities in South Africa and engage people who wish to implement Kick TB in other countries.

Global Village TB/HIV Networking Zone

Venue: Hall C, booth 64 – free and accessible to the public, without IAC conference registration

Organizer: Treatment Action Group, RESULTS and other partners

A fun and exciting place with daily events, presentations and discussions on how to take the response to TB-HIV to the next level. Full details will be posted at
